*Making beauty with plant-friendly
materials and no compromise*

OUR PHILOSOPHY

Un senso di responsabilità inteso come impegno verso l'ambiente. L'ambizione perpetua verso la ricerca dell'armonia estetica, con grande senso di cura per le lavorazioni, i materiali e le persone.

- I soli ad utilizzare un legno secolare che permette di non abbattere gli alberi per costruire mobili
- Impieghiamo solo ed esclusivamente legno vero (no truciolare, MDF, ecc)
- Le nostre finiture all'acqua sono senza solventi o sostanze nocive
- Usiamo pochissima colla e 100% priva di formaldeide
- Costruiamo intelligentemente per una facile riparazione e una durata pressoché eterna
- Utilizziamo tessuti eco-sostenibili
- I nostri imballaggi sono plastic-free ed ecologici.

A sense of responsibility intended as a commitment to the environment. The perpetual ambition towards the research of aesthetic harmony, with a great sense of care for processing, materials and people.

- *The only one using a secolare wood that allows not to cut down trees to build furniture*
- *We only use real wood (no chipping, MDF, etc.)*
- *Our water-based finishes are free of solvents or harmful substances*
- *We use very little glue and 100% formaldehyde free*
- *We build cleverly for easy repair and almost eternal durability*
- *We use eco-friendly fabrics*
- *Our packaging is plastic-free and environmentally friendly.*

SECOLARE WOOD

Legno antico recuperato da strutture architettoniche secolari. La patina creata dall'esposizione alle intemperie per centinaia di anni crea un gioco di luci tra gli avvallamenti e le irregolarità del materiale. Permette di costruire prodotti in legno senza abbattere alcun albero.

Il legno viene trattato esclusivamente con vernici all'acqua con una sicurezza di grado alimentare. La vernice che utilizziamo è la stessa che usano sui giocattoli in legno per bambini fino ai tre anni.

Zero solventi volatili.
Zero emissioni dannose.
100% protezione dall'utilizzo quotidiano.

Ancient wood recovered from centuries-old architectural structures. The patina created by the exposure to the elements for hundreds of years creates a play of light between depressions and irregularities of the material. It allows to build wood products without cutting down any tree.

The wood is exclusively treated with water-based paints with a food grade safety. The paint we use is the same used on wooden toys for children up to three years.

*Zero volatile solvents.
Zero harmful emissions.
100% protection from daily use.*

MADE IN ITALY

Grazie alle maestranze e ai distretti produttivi di eccellenza Italiani possiamo utilizzare le migliori tecniche costruttive e i migliori materiali al mondo. Tutto esclusivamente Made in Italy.

La costruzione consapevole grazie ad un accurato design industriale che non scende a compromessi sulla qualità, permette di avere un prodotto facilmente riparabile e con un ciclo di utilizzo praticamente eterno.

Thanks to the excellent italian workers and productive districts we can use the best construction techniques and the best materials in the world. All exclusively made in Italy.

The conscious construction thanks to an accurate industrial design that does not compromise on quality, allows to have an easily repairable product with a nearly eternal cycle of use.

VETRO MURANO / MURANO GLASS

* La tonalità di colore è puramente indicativa. Trattandosi di un prodotto artigianale interamente realizzato a mano con una miscela di polveri e minerali naturali, il colore finale differisce tra i lotti di produzione.

** The shade of color is only indicative. Being an artisanal product handmade with a blend of natural powders and minerals, the final color differs between production batches.*
